THE new addition to our Plant is in operation, and we believe we are now printing more Wall-Paper than any house in the world. This plant is a modern one in every respect, equipped with every device for the skillful production of Paper-Hangings.

It is most gratifying to us to celebrate the beginning of our sixtieth year in business in this manner, and to know that, in this year of general business depression, and despite the opposition of the "Wall-Paper Trust," we have been able to fill with business even our largely increased Plant. For this we are indebted to the kindly support of the Wall-Paper Dealers of this country.
